A new Route Survey will be required if any dimensions increase.

Turn-by-Turn Driving Directions

[illegible]

***Please upload or attach your turn-by-turn directions if you cannot fill out in the space provided.**

The Nevada Department of Transportation requires a detailed route survey showing any and all overhead obstacles, i.e. structures or lines which may come into contact with the load. Please include highway and mile post marker where these are located. If there are overhead obstacles such as structures and lines we will need the utilities contact information of who is going to assist you.

[illegible]

***Please upload or attach any pictures to show obstructions.**
